

BISON

AURORA MUSIC STAND LIGHTING

Detailed specification

Aurora has quickly become a favourite among our users. It can be attached to all our music stands, which are equipped with a standardized attachment fixture, allowing for quick and secure installation of the lamp. Designed for musicians who demand perfect visibility at all times, Aurora features adjustable brightness levels that can be controlled with a single touch of a button. Its flexible arm allows effortless and precise positioning and ensures light distribution across the entire music stand surface.
