

BISON START

Detailed Specification

Start Music Stand is very popular in schools and churches. It is functional, stable, easy to handle, and can be adjusted in several ways to suit your needs. It has a traditional design and is easy to adjust in both height and inclination. Like all our other music stands, Start has attachments for our two lamps, LED Music Stand Lighting. If you want to customize your music stand, we have an extra high stand base, an extra shelf, a table model, weight sets, and weather protection screens in our regular stock. All to make sure the music stand meets your needs. Paired with our Swing Stand Base it is optimal for touring. Immediately ready to use – assembling not required. Start is stackable when using our Transit Music Stand Trolley, ensuring easy transportation.
