

BISON PIRUETT DANCE MIRROR

Detailed Specification

Piruet is our slim and smart dance mirror on wheels. This makes it easy to place the mirror where you want it, and also to put it away when no longer in use. It is light in weight and therefore easy to move around. Piruet has mirrors on both sides which are easy to angle in the desired direction. The frame very is stable. This is a quality mirror for individual training and suits every kind of dance, from ballet to hip hop. We also recommend it for conductors who want to improve their technique.
