

ESTRAD CHORAL RISER

Detailed Specification

Our choral riser system can be customized to create multiple levels. It's available in black or gray finishes and the stage panels are available in sizes 60x120cm and 80x120cm. The system features detachable legs, facilitating quick and effortless height adjustments. The standard heights are 20, 40, 60 and 80cm. Use our "Piece of cake" to make a curved riser. With our railing placed in the back, the risk of falling is minimized. If needed you can also place the railing at the sides. For choral risers with chairs on them we recommend our Chair Stops to prevent them from falling off. With our leg connectors you can fasten the legs of the choral risers together to prevent them from gliding apart. Since we manufacture our products in-house, we can also tailor it to your specific requirements. Estrad is a versatile system that can serve multiple purposes, including as an audience platform, stage, or choir setup. When not in use, it dismantles quickly and efficiently, taking up minimal storage space.

DIMENSIONS

Measurements	1200x600mm or 1200x800mm, resp.
Weight	13kg or 16kg, resp.
Maximum load	750kg/m ² , point load 225kg

CONSTRUCTION

Frame - Aluminium profile	Anodized aluminium
Board	Solid Birch, 15mm 11-layered edge-sealed plywood
Surface	Melamine & phenol
Color	Grey or black

GENERAL INFO

Manufacturer's warranty	10 years
Stackable	Yes
Transport	Estrad Transport Trolley

STEAL PARTS

The steal parts have 10 years warranty. All steal is produced in Sweden and following the Swedish standard for how you are allowed to produce in sustainable direction. We are using powder coating to get the black color. Powder coating is durable and less polluting than traditional varnishing and is used completely without solvent. However, the varnish can sometime get edged. If you need to repair this, you easily use black mat varnish and a thin paintbrush.

You can clean the steal with a dust-cloth and water and soap.

PLASTIC PARTS

The plastic parts have 10 years warranty and does not need any special care. Clean with a dust-cloth and water and soap.

If the plastic feet get damage or if you lose them, we replace them for free within the warranty period. Please contact Bison Produkter AB at info@bison.se and we will help you.

FABRIC

Is a Swedish wool fabric (90% wool and 10% polyamide) with 200 000 martindale (in public environment is 30 000 martindale recommended). SS EN 1021:1-2 (cigarette & flame)

The standard design for our chairs is our black wool fabric, other fabrics and colors can be chosen for an additional cost.

You easily take away dust and other light dirt with a clothes brush. Other dirt is removed with a dust-cloth and water, and possibly soap if needed.

All our fabric is certificated with Ecolabel, which is EU:s common eco-labelling.
