

BISON ESTRAD LEG CONNECTOR

Detailed Specification

Our Estrad Leg Connector easily holds your stage or choir riser together. With a one-handed grip, you can easily tie the legs of the stage modules together to build larger, stable units in just a few seconds. Manual adjustment is not required and the leg connector does not have any loose parts. It is extremely easy, flexible, and quick to use. We understand why many choose to use our leg connector on their self-constructed stages.

DIMENSIONS

Measurements	160x40x80mm
Weight	0,2kg

CONSTRUCTION

Manufacturer's Warranty	10 years
Article number	E4000

STEAL PARTS

The steal parts have 10 years warranty. All steal is produced in Sweden and following the Swedish standard for how you are allowed to produce in sustainable direction. We are using powder coating to get the black color. Powder coating is durable and less polluting than traditional varnishing and is used completely without solvent. However, the varnish can sometime get edged. If you need to repair this, you easily use black mat varnish and a thin paintbrush.

You can clean the steal with a dust-cloth and water and soap.

PLASTIC PARTS

The plastic parts have 10 years warranty and does not need any special care. Clean with a dust-cloth and water and soap.

If the plastic feet get damage or if you lose them, we replace them for free within the warranty period. Please contact Bison Produkter AB at info@bison.se and we will help you.

FABRIC

Is a Swedish wool fabric (90% wool and 10% polyamide) with 200 000 martindale (in public environment is 30 000 martindale recommended). SS EN 1021:1-2 (cigarette & flame)

The standard design for our chairs is our black wool fabric, other fabrics and colors can be chosen for an additional cost.

You easily take away dust and other light dirt with a clothes brush. Other dirt is removed with a dust-cloth and water, and possibly soap if needed.

All our fabric is certificated with Ecolabel, which is EU:s common eco-labelling.
