STADIG CHAIR STABILIZER

Detailed Specification

Our chair stabilizers are used when you have outdoor performances and are in need of a stable ground for your chairs. They are placed directly on the ground and the chair is positioned in the specially designed indentations so that the legs do not sink into the soil. With its robust plywood, it provides stability to the musician sitting on the chair, while protecting the chair from dirt and grass, and thus making sure the product holds for a longer period of time.

The chair stabilizer is intended primarily as an accessory for our Classic chair, but can also be manufactured for other chairs that require different dimensions.

DIMENSIONS

Total length	600mm
Total width	45mm
Total height	15mm
Distance between holes for chair legs (can be made upon request)	370mm or 450mm, resp.
Weight	0,6kg per pair
Construction	Plywood, crown, 440g light grey

STEAL PARTS

The steal parts have 10 years warranty. All steal is produced in Sweden and following the Swedish standard for how you are allowed to produce in sustainable direction. We are using powder coating to get the black color. Powder coating is durable and less polluting than traditional varnishing and is used completely without solvent. However, the varnish can sometime get edged. If you need to repair this, you easily use black mat varnish and a thin paintbrush.

You can clean the steal with a dust-cloth and water and soap.

PLASTIC PARTS

The plastic parts have 10 years warranty and does not need any special care. Clean with a dust-cloth and water and soap.

If the plastic feet get damage or if you lose them, we replace them for free within the warranty period. Please contact Bison Produkter AB at info@bison.se and we will help you.

FABRIC

Is a Swedish wool fabric (90% wool and 10% polyamide) with 200 000 martindale (in public environment is 30 000 martindale recommended). SS EN 1021:1-2 (cigarette &flame)

The standard design for our chairs is our black wool fabric, other fabrics and colors can be chosen for an additional cost.

You easily take away dust and other light dirt with a clothes brush. Other dirt is removed with a dust-cloth and water, and possibly soap if needed.

All our fabric is certificated with Ecolabel, which is EU:s common eco-labelling.
